PURPOSE OF THE REQUEST

We would like to have some clarification regarding the following point:

1. *Article 10.1.2 Drivers' obligations*

Drivers must on pain of not being permitted to take part in the race:

- *Take part in free practice or qualifying practice, on pain of disqualification*

First, the **bronze test** is it officially recognized as a Free Practice?
 Second, If two drivers do the FP and the third one is doing only the qualification, is it okay?
 Third, is there any minimum driving time for the drivers during the FP?

2. *Article 6.5.1 (Tyres) Definition and general condition*

Each tire must be identified barcode. All references must be declared to the TD at least 48h before the start of the Competition.

We received the information from Michelin, that from now on it will be them who will do it, and the competitor just have to be sure to have the declared set.
 Do you confirm this?

3. For the pit stop intervention: is it tolerated to change the nose or the tail in the working area?
